

## Join us...

The Connecticut Housing Coalition represents the broad, vibrant network of community-based, affordable housing activity across the state. The more than 250 member organizations which comprise the Coalition include nonprofit developers, human service agencies, resident associations and diverse other housing practitioners and advocates.

Founded in 1981, the Coalition stands as Connecticut's foremost membership organization for affordable housing. Our educational activities include conferences, training workshops and networking/referral services. We sponsor the Community Developers Network and the Publicly-Assisted Housing Resident Network.

We also provide a means for those on the front-lines of dealing with our housing crisis to impact the shaping of public policy, both at the State Capitol and in Washington. The Coalition has played a leading role on issues including: financing for affordable housing development and rehabilitation, rental assistance for low-income households, fair housing opportunity and homelessness prevention. Action alerts keep members posted on legislative and regulatory developments. Join us as we assert the right of every person to a safe, decent and affordable home.

Our sister organization the Connecticut Publicly-Assisted Housing Resident Network (PHRN), an independent, self-governed resident organization, affiliated with the Coalition, has recently experienced a serious cutback in critical operational funds. Please consider an additional \$25.00 contribution for PHRN in addition to your membership dues, in order to keep this important work moving forward.
